

TKR016

Tredfx Traxion Series

Traction Bar for Ramps and Slippery Surfaces

Product Data Sheet

- Slip-resistant carborundum
- Ramped edges
- Can also be used for stairs

Whether used on stairs or on ramps, the Tredfx Traxion series offers high levels of slip-resistance wherever installed. Available in the rigid format of traction bars or the go-anywhere tape format, this range is an economical and simple way to minimise costly slip-and-fall accidents. All of these products are suitable for internal or external use and are highly recommended for application to all access ramps.

Specification Guide

Install Tredfx Traxion TKR016, in (insert width) width and colour (insert colour), to ramps as required in accordance with manufacturer's recommendations and the requirements of NZS 4121 and AS/NZS 1428.4.1-2009. Available from: Total Tactilez, 0800 822 845, info@totaltactilez.co.nz
