

GKR030

Fibreglass Anti-Slip Stair Nosing for Surface Mount Applications

This series has been released to meet the need for a stair nosing that's able to withstand the extremes. Popular for use on fire escape stairs, oil rigs and in industrial applications, this series stands up to the toughest of tests. These products are manufactured from premium fibreglass and are resistant to most chemicals. They are non-conductive, fire retardant and not affected by high levels of moisture. Ideally suited for external applications.

Specification Guide
